Pairing:

- **To use Left & Right units together**

Please take the earbuds out of the charging box.

(They will turn on automatically).

Once the F-buds are flashing red & blue, this indicates that they are pairing.

Turn on your mobile phone's Bluetooth and search for the name "F-buds" to connect.

Both earbuds will slowly flash blue once connected.

- **To use Left & Right units independently.**

Please take either one of the earbuds out of the charging case, it will turn on automatically.

Once the earbud flashes red & blue or flashes a quick blue light, this indicates that it is pairing.

Turn on your mobile phone's Bluetooth and search for the name "F-buds" to connect.

The blue light will flash slowly once connected.

- **When the earbuds are not in charging case or when the charging case has a low battery**

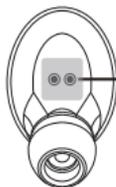

Press and hold both earbuds at the same time for three (3) seconds to power them on, enter pairing mode automatically. Both earbuds will light up.

Turn on your mobile phone's Bluetooth and search for the name "F-Buds" to connect.

The earbuds will flash blue once they are connected.

F-Buds Charging :

Please remove the yellow plastic film from charging magnets on the underside of both earbuds. When the earbuds are charging, the red light on the earbuds will be on. Lights will turn off once the earbuds are fully charged.

Please remove the yellow plastic film before charging

Charging the Charging Case

Connect the USB cable to charging case. The back of the charging case will display a red light. The red light will turn blue once the case is fully charged.

Answer phone call

Press either one of the earbuds F Button to answer an incoming call. Press again to end the call.

Reject phone call

Press and hold either one of the earbuds F Button for two (2) seconds.

Pause Music

Press either one of the earbuds F Button to stop the music. Press it again to play.

Last song

Double click Right earbuds' F Button.

Next song

Double click Left earbuds' F Button.

Note: Please Adjust the volume on your phone.

Note: If the two earbuds don't pair successfully and can't listen to music, please try steps as following:

Place the F-Buds and mobile phone within 3 feet.

Make sure the two F-buds are turned off and the lights are off.

(If the lights still on, long press MFB for 4 seconds to turn it off manually while the red light flashing for 3 times with alert tone.)

Long press the two F-Buds MFB for the 20 seconds until the pairing is successfully, after reboot, one F-Bud red & blue indicator lights flash and another one light off.

Power off one F-bud. The other one will power off together, if pairing successfully.

Turn on your mobile phone's Bluetooth and search for the name "F-Buds" to connect it.

Important note:

The Left F-Bud connects to the mobile phone first, the mode can work anytime.

The Right F-Bud connects the mobile-phone first, you will have to press MFB with the 20 seconds to reset, if you want to use together.
